

93+ “Serious chardonnay!”

“Hendry Vineyard, where this Chardonnay comes from, is located at the northern border of the Carneros AVA. The clones are a mix of KD selection, Dijon 95 and Old Wente selection. It is barrel fermented and aged in French oak, about a third new, without racking, undergoing monthly battonage. There is no malolactic. The nose offers-up tantalizing tropical fruit scents of guava, green mango and pineapple tart with hints of toasted almonds and brioche. The palate is rich, satiny textured and full-bodied, delivering bags of pure, expressive fruit and loads of savory accents, finishing with great length. It has the stuffing to age for about a decade or more and should well reward a few years in cellar. Serious Chardonnay!” 2019-2029 LPB 10/31/19 Issue 245
