## HENDRY VINEYARD NAPA VALLEY

### 2022 MISSION

**VINEYARD** The Hendry vineyard lies on gentle, rocky slopes between 150 and 300 feet in elevation. The style and structure of our wines is moderated by our rocky soils, and cool breezes and fog from San Pablo Bay.

**HISTORY** Our fascination with Mission began as we traced the history of the Hendry Ranch back to the Spanish colonial period. The Mission variety was introduced to the new world in the first half of the 16<sup>th</sup> century, and remained the principal wine grape of the Americas for more than 300 years. The vines were transported from Mexico in the 1770s and planted in mission vineyards, spreading with the establishment of each new mission-based settlement. They produced Napa's first wines in the 1840s.

Mission was first planted on what is now the Hendry Ranch in the 1850s, but disappeared during the phylloxera epidemic which swept the Napa Valley at the end of the century. Once the dominant California variety, Mission now represents less than 1,000 acres of total plantings in the entire state. In 2007, DNA analysis demonstrated that the grape known in California as Mission was the same grape as Listán Prieto, an ancient Spanish variety now grown in very few places in on the planet including the Canary Islands and Chile, where it is called "País."

**BLOCK** After centuries of domination as a grape, Mission nearly disappeared. We were curious: what would the plantings here have produced, and what would it have tasted like? Our Block 9D was originally planted to Cabernet Franc in 2003. In 2012, eighty of the existing vines were grafted over to the historic Mission variety. Fifty more vines were added in 2015, allowing us to make a single barrel of this wine each year.

**VINTAGE** In 2022, budbreak in our three rows of Mission was March 29<sup>th</sup>, bloom was May 20<sup>th</sup>. The grapes were harvested on September 14<sup>th</sup>. Bloom to harvest was 117 days.

**WINEMAKING** Production for this wine is one barrel. The wine is aged for 11 months in a single neutral French oak barrel.

**NOTES** Very pale ruby. Light-bodied, soft tannins, moderate acidity. The fruit profile is very straightforward, with cherry and light red fruits, and a sage-like herbal accent. Savory, soy and mineral in the lightly structured finish. Simple, enjoyable, light but enlightening! It's easy to imagine this easygoing wine being a part of everyday life and meals in early California missions and ranchos.
